## KAM. STUDENTS REHEARSING OLD PLAY THIS P.M.

Special street cars for the purpose carried between one and two hundred of the students of the Kamehameha schools to Waikiki at 1 o'clock this afternoon, where the first "stage" rehearsal of the "Wooling of Umi and Piikea" is being held this afternoon. The students of the girls' school, under the direction of Miss Ida M. Pope, and of the boys' school under Prof. Perley L. Horne, have been engaged for some time in rehearsing the mele and old Hawaiian chants which will greet the arrival of Piikea to meet her royal lover Umi, and which played such an important part in all ancient Hawaiian ceremonies.

In this connection it is interesting to know that Queen Liliuokalani has granted her permission for the use of certain chants known as the Kamehameha Meles, which are used only at rare intervals and in celebration of certain important events.

Judge Archie Mahaulu, who has charge of the pavilion and other buildings which will represent Umi's courtly camp on the beach, began this morning with a force of skilled Hawaiian workmen, the erection of these grass structures. Beneath the largest of these, the great Umi will greet his bride upon her arrival in the canoes from Maui.

John Wise, who has general direction of this event, and Director-general Dougherty, are at the baths this afternoon coaching the young performers in their parts.

The part of Piikea is to be taken by Miss Kekaula, a Kamehameha student, and the daughter of former Representative J. K. Kekaula of Hawaii. The character of "Umi," has not yet been made public, though it is understood that one of the boys of the Kamehameha Boys' school has been practically decided upon for the part.

## Y.M.C.A. CLUB BOYS PREPARING FOR PART IN FLORAL PARADE

Under the direction of Glenn E. Jackson, R. M. Cross and C. F. Loomis, secretaries of the boys' department of the Young Men's Christian Association, the members of the various boys' clubs of the institution are making extensive preparations for an elaborate entry in the marching section of the Floral Parade. It is expected that more than 200 boys will be in line and every boy will be in costume or uniform. The secretaries are enthusiastic over the interest which the boys are taking and predict that the section will be one of the features of the parade.

Members of the Kaimuki Boys' Club to the number of 40 will be in line in costume, while 10 boys from the Maunaloa Club will march in sash and cocked hat. The Korean Club will enter 60 boys in uniform, and the Kaula, Kakaako and Palama Clubs will add to the section.

the reviewing stand, the movement being especially difficult for the field artillery. The success of the display depends largely on the smooth passage of the troops past the reviewing officer, and to change from column of platoons to column of squads, change direction, and pass through the gate, would have caused an awkward delay only a few paces beyond the reviewing stand.

An injunction was issued against the Oahu Sugar plantation at the request of the city and county attorney's office to prevent the destruction of the iron trees planted along the county road which runs through the plantation. The manager of the plantation is said to have stated that unless some of the trees were cut down they would be destroyed by the fire of the burning cane. Hence the injunction.

## COAST CRACKS IN WATER REACH CITY TOMORROW

Duke, Training for Carnival  
Races, Covers 2 1/2 Miles  
with Crawl Stroke

Duke Kahanamoku's feat yesterday afternoon in swimming two and a half miles without breaking his steady crawl stroke, ending with a terrific spurt, and the fact that the coast swimmers will arrive tomorrow morning on the Lurline, are the two principal topics of conversation in connection with the championship water events on Saturday, February 21.

W. T. Rawlins, president of the Hui Nalu and Duke's mentor, yesterday sent his lanky charge over as severe a test as the world's champion ever tackled. Straight out from the Moana pier into the blue ocean for a mile and a quarter went Duke, with Rawlins accompanying him in a canoe. Then back again. All at a rattling pace. A hundred yards from the end of the swim Rawlins sent overboard from the canoe two or three of the Hui Nalu's fastest watermen and told them to try to beat Duke to shore. The big champion simply shook up his pace a little and finished with a show of speed that left the others behind. Rawlins said this morning that Duke finished stronger than he started.

Tomorrow morning on the Lurline the coast swimmers will arrive, to be met by the Healanis and the Hui Nalu and welcomed and serenaded. Launches will take the local committees out to meet the steamer. The Hui Nalu musicians will be out in force.

## Entries Close Soon.

Announcement was made this morning that entries for the swimming races close on Thursday, February 12. Entry blanks may be obtained at the office of W. T. Rawlins, 306 Bank of Hawaii building, and W. H. Campbell, Volcano Stables Company, Union and Hotel streets. All men entering the races must be registered under the A. A. U.

## CARNIVAL OF NATIONS TO BE OPENING EVENT

Director Dougherty is counting on great enthusiasm to mark the opening event of the Carnival Week—the grand carnival of nations—which starts the festivities next Saturday night. For this occasion the Capitol grounds are to be very elaborately decorated with electric lights, the Hawaiian Electric Company being prepared to spend something like \$1500 for this purpose.

The carnival of nations will be just what its name would signify—a gala occasion in which everybody in this cosmopolitan community may take an active part. The smooth drives surrounding the Capitol will make ideal dancing floors, and to the strains of music from the Royal Hawaiian band and the Second Infantry band stationed on the mauka and makai lanais of the building, the populace will dance as the spirit of their ancestry or their environment moves them. Mayor Fern's New Year's ball in the street in front of the Young Hotel, demonstrated something of the spirit which is sure to be evidenced at this much more elaborate festival. But while the populace will have the entertainment to a large extent in its own hands, the committee was prepared for a number of exhibition dance of the various nations. These will be given on a stage erected over the front steps of the Capitol, during intermissions in the general dancing. A group of eight Irish dancers will illustrate the characteristic steps of the "Auld Sod;" and our Spanish population promises something very striking in the gay fandango of their native land. The Scotch firs will be danced by experts to the accompaniment of bagpipes which are expected from Hilo tomorrow, and the Japanese have promised to put on a number of their most graceful geisha dancers.

The peculiarly American terpsichorean stunts will not be confined to individual caprice on the pavements, but experts have been engaged to show the latest tango steps, and the later "rhythm" dance, which is said to be a more difficult adaptation of the tango. Of course there will be some who will prefer to look on rather than to take active part in the dancing and confetti throwing, and for the seats now being erected in the Capitol grounds will be available at 50 cents. There will be no other charges in connection for this event, however, and the management of the carnival believe that the opening event will draw one of the largest assemblages ever seen in Honolulu.

## GARRISON REVIEW FOR DEPARTMENT COMMANDER

The entire garrison of Schofield Barracks was reviewed Saturday by General Macomb, department commander. Escorted by a troop of cavalry, General Macomb reached the reviewing point, and saw the crack organizations of infantry, field artillery and cavalry sweep by. The review was a splendid site, the heavy strength of the infantry organizations making the showing more spectacular than usual.

## MRS. LIPI KULA WILL REPRESENT KAUAI IN THE FLORAL PARADE

Mrs. Lipi Kaula Kula is the lady who will represent the island of Kauai, as princess in the Floral Parade. This selection was made at a special meeting of the Kauai Chamber of Commerce held last Friday morning for the purpose.

Mrs. Kula is a full Hawaiian young woman and is the wife of the well known garage man of Koloa. She is a rider of skill and grace, and will undoubtedly be a striking feature in the parade.

Kauai has also decided upon the design for the automobile float which will represent the Garden Island in the parade. This will represent the famous "spouting horn" of that island, and promises to be a novel feature.

## BLEACHER SEATS IN THE CAPITOL GROUNDS ARE NOW GOING UP RAPIDLY

A gang of workmen under the direction of Charles G. Murasky, chairman of the construction committee, has been busy all day erecting the bleacher seats in the Capitol grounds where they will be used for the first time next Saturday evening when the Carnival week opens with the grand carnival of nations. The installation will be completed tomorrow, when a last coat of paint will be applied and given time to dry before Saturday night.

The seats will also be used in their present location on next Monday night for the massed band concert which will take place in the Capitol grounds, when they will be moved to the Moiliili baseball grounds for the

pyrotechnic extravaganza on the following evening.

The seats are likely to prove comfortable, and after the first time, Chairman Murasky says, will be very easy to take down and put up.

## LINE OF MARCH CHANGED FOR MILITARY PARADE

The line of march of the big military parade February 23, has been somewhat modified, so that the troops will not pass through the executive grounds after passing the reviewing stand, but will continue along King street to Punchbowl, along Punchbowl to Beretania, and cut Beretania to Punahou.

It was decided by the military authorities that the change of formation necessary to pass through the narrow gates of the executive grounds, would cause a congestion of troops close to
